- ⚠ CAUTION** A caution alerts the user to possible injury or problems with the instrument associated with its use or misuse such as instrument malfunction, instrument failure, damage to the instrument, or damage to other property.

Pay attention to all safety information in the Operator's Manual or Installation Guide.

WARNING

Never use the battery charger in the presence of any flammable anesthetic gas or high concentration oxygen atmosphere. Failure to follow this warning may cause explosion or fire.

WARNING

Never use the battery charger in a hyperbaric oxygen chamber. Failure to follow this warning may cause explosion or fire.

WARNING

Never charge a battery pack which is damaged, discolored or has leakage. It may cause overheating, explosion or fire.

WARNING

Only use the provided power cord and connect it to a 3-pin AC outlet which is properly grounded. Otherwise, it may result in electrical shock or injury to the operator.

CAUTION

Only charge a Nihon Kohden specified battery pack. If an unspecified battery pack is charged, it may explode.

CAUTION

If the battery charger seems to be faulty, immediately disconnect the power cord from the AC outlet, attach a "Not available" or "Repair request" label on the battery charger and contact your Nihon Kohden representative.

CAUTION

For details on handling the battery pack, refer to the battery pack label, manual for the battery pack and defibrillator on which the battery pack is used.

CAUTION

Before cleaning or disinfecting the battery charger, turn the battery charger off and disconnect the power cord from the AC outlet. Failure to follow this instruction may result in electrical shock and battery charger malfunction.

CAUTION

Dispose of the battery charger as specified. Otherwise, it may affect the environment or cause infection.
